

LAN Circle Wrap-up

March 28, 2023

Labyrinth Activism (Our developing definition): A spiritual practice using heart centered **intention and action** for change.

We welcomed 25 people to our circle Tuesday night. Thank you to those who attended. As it has been in the past, it was an enriching and informative time to be together.

Meditation/Thought

We began with a beautiful meditation from Frank Faine focused on intention. He has allowed us to have a copy but wanted to remind us it is copyrighted. Thank you, Frank!

May they be comforted.*

Education

Clive Johnson is an interfaith minister, writer, and spiritual counsellor. He is the originator of numerous initiatives aimed at building beloved community, including Labyrinth Around America, A Prayer for Peace, and We Are One. He has written 12 books, including several on spirituality topics, and is a lover of the mystical, the magical, and the miraculous. I know he has spent time in Africa recently. I am relishing his recent book, Loving Kindness and highly recommend it.

I asked Clive about his journey with intention. He told us how he has learned so much as he has practiced. After our circle Clive sent me some thoughts that had bubbled up for him. [Click here](#) to read them.

Global Healing Response: Journey, Q2 Move

Let your mind start a journey thru a strange new world.

Leave all thoughts of the world you knew before.

Let your soul take you where you long to be...

Close your eyes let your spirit start to soar,

and you'll live as you've never lived before. – Erich Fromm
